All divisions recorded strong growth reflecting the cycle upturn and consistent with the overall expected 20 % growth over fiscal year 2011 communicated by the Group on March 22, 2011.

Order book

As of December 31, 2010 and on the basis of a €/€ exchange rate of 1.35, the order book – which includes only firm orders announced by aircraft manufacturers – amounted to €2.3 billion. On a constant €/€ exchange rate basis, it was 6.4% higher year on year, which represents close to 5 years of revenue, and demonstrates the relevance of the multi-client platform built by the Group, which is confirmed for all the major, determinant programs launched for commercial, regional and corporate aircraft in the medium and long term.
